

BORDERS TO ORDER
BY
PETER STEVENS GARDEN DESIGN
RHS MEDAL WINNER 2004 & 2005

If you are too busy, bewildered by the choice of plants or just simply out of your depth then let us help you with that border or planting area.

Simply fill in the questionnaire on the next page, take the required measurements and send them to us along with any photographs of the area and your payment then let us do the rest.

What does our service include?

Once we receive your details we will draw you a planting scheme for the area. You will receive four plan copies drawn to scale, all the plants are numbered with a key to the side naming the plants and specifying the quantities. One copy will be laminated making it easier to keep clean when working outside. All the plants are drawn at the size they will grow to or need to be pruned/trimmed to. You will also receive a plant catalogue describing the plants along with a brief care guide helping you look after your new plants.
